

ARLINGTON HEIGHTS HERALD

VOLUME 2, NUMBER 20 ENTERED AS SECOND-CLASS MATTER AT ARLINGTON HEIGHTS, ILLINOIS

ARLINGTON HEIGHTS, ILLINOIS, FRIDAY, MARCH 23, 1928

H. C. PADDOCK & SONS, Publishers SUBSCRIPTION \$2.50 — A YEAR Arlington Heights, Ill.

DEDICATION OF NEW COMMUNITY HOUSE SUNDAY

Rev. Allan Billman and his congregation are soon to see their hopes and constant effort rewarded by the dedication services of their new church and the various adjuncts to a larger work in this community. Next Sunday morning the beautiful new Community house will be opened and dedicated. The M. E. people and numerous friends are looking forward with happy expectation to a week of pleasant experiences as each new feature of their plan is declared ready for use for greater service.

Sunday morning, March 25, at 10:30 o'clock Dr. Richard Deeming, Arlington, Ph.D., D.D., professor of homiletics, Garrett graduate school, Evanston, will give the dedication sermon.

Dr. Hollington, one of the foremost preachers of the east, has recently come west and been selected to fill the chair of preaching at the church, which has been vacant for several years, waiting for the right man to appear, and those who are best informed, feel they are well repaid for waiting.

An invitation is extended by the Methodist church to any and all to attend this service Sunday morning at half past ten. It is to be a service of the hour of service, to prevent those who wish to attend their own church services from missing Dr. Hollington, but it is certain that all who hear him will remember his sermon long after they have forgotten many men who have preached good sermons.

This Friday night is the Young People's rally. However, no one is excluded because of age. All are still young in spirit are urged to attend.

After a short period of yells and songs, the meeting will be turned over to W. E. J. Gratz, D. D., editor of the New York Herald, Methodist World paper for young people.

The meeting will be at 7:45. Another feature of this meeting of interest to the community, Dr. B. T. Best's history of the founding this church with many names and events familiar to old citizens and of interest to all young citizens.

The doctor's talk will be illustrated by slides made from pictures of old times. The hour is 7:45 Friday evening and free to all.

Next Boy Scout Rally at Arlington

The next rally will be held in Arlington Heights, Friday, May 11.

The subject of the rally will be a contest on "Be Prepared" for the best troops will fight for first in the second rally which will take place in the new high school in Palatine some time next fall.

We also wish to announce that Milwaukee has again invited us to attend their camp again this summer. The Congregational Church has also offered to let us use their camp at Tower Hill, Michigan. The camping committee will meet Friday and decide which camp will best.

It is never too soon for boys to begin saving their money for the summer. You'd be surprised fellows how much money you can save if you put away a nickel here and a dime there. Just try it for while and you'd be surprised. Why not try getting a little job on Saturdays to help send yourself a camp. You'll feel all out of it when the rest of the fellows come in a peachy summer at camp and you think how you really did have gone too if you had only a little bit. Don't forget.

Something new for Arlington Heights—scenic effects, lighting effects, fun, music—"Everything."

Plant Tree Makes Way For Forty Foot Highway

Even nature must at times make way for the march of progress. A giant willow, one of the largest in this part of Cook county fell last week under the axes and saws of Herman Beigel, John Schoenbeck, Louis Busse and Art Scharringhausen, all road patrolmen who brought down the tree that has stood upon the Fred Reese farm on Center road, east of Rand road for the past 65 years.

The proposed widening of Center road necessitated the removal of the tree. The above picture was taken shortly after it fell. The trunk was six feet in diameter and 7.7 in. in circumference. The branches extended 90 feet. An estimate of ten cords of wood was placed upon the tree by the men who cut it up.

Own Membership An Aid to Service Of American Legion

The work of the American Legion may not be generally known. It is in reality a service organization for ex-service men. The following statement was issued by the service department.

The effectiveness of any ex-service men's organization in working out the solution of the programs for the benefit of all ex-service men is dependent upon its membership. The membership of the Department of Illinois last year was the largest of any state in the Union, and the Legion's program for service and rehabilitation was handled most efficiently.

The legion's major obligation is to the disabled man and needs his family, and to the heirs of the deceased ex-service man. Because of the fact that the wants of the disabled man and the needs of his family are many and complicated, a well organized service department is necessary.

The Department of Illinois maintains the largest Service Department within any organization in any state in the country. This department is located at 160 North LaSalle street and costs the Department of Illinois \$40,000 per year. The nine employees of this office are well versed in the problems of the ex-service man and in the solution of them.

There are 2,744 men in the hospitals in this state; of this number 1,570 are insane veterans. It is a big problem to see that these men receive the best care possible and that their rights are protected under the law. This, and the problem of securing jobs for unemployed ex-service men, is properly classified as rehabilitation work.

There are 46,810 men in the state of Illinois who have filed claims for compensation on account of injuries or sickness that they believe are due to service. Of this number approximately 17,000 are drawing compensation. The monthly payroll of the local office of the Veterans' Bureau amounts to \$715,000.

Living veterans are entitled to free hospital treatment; compensation for disability due to service; bonuses from Federal and state governments; duplicate Victory Medals and Buttons; discharges; and certain privileges and advantages under various state and federal laws with reference to Civil Service. The members of the family of deceased ex-service men are entitled to death compensation if the cause of death is due to service; benefits of war risk insurance; federal adjusted compensation; and other provisions of state and national laws.

All of the benefits mentioned have been secured primarily through the activity of the Legion in a legislative way in our state and federal legislatures. It is the purpose of the Legion to see that the veterans and their families receive the benefits that they are entitled to under law, and to correct the laws when necessary.

High School Board Inspects Schools

Members of the high school board of education, together with Supt. Butler and Architect Abel, made an inspection tour of several schools Monday for the purpose of inspecting equipment, etc. Work at the new high school is progressing at a very satisfactory rate and the members of the school board are spending a great deal of time and energy in looking over various schools to ascertain the best and most useful equipment, furnishings, etc.

No where members of these touring parties say do they find anything in the line of buildings which can compare with the Palatine school for price and type of construction.

New Parcel Post Delivery Service On Rural Routes

The local postmaster has received the following order from the Postmaster General in reference to the handling of parcel post on the rural routes.

All ordinary parcel-post packages for patrons of rural routes shall be carried out on the routes on the first trip after their receipt at the post office. When a patron does not live within hailing distance of the route, and is not at the box to receive a parcel that is too large to be placed therein, a notice shall be left in the box, requesting that the patron meet the carrier on the next trip unless the parcel is called for at the post office. The notice shall be placed in the box of the addressee shall not be left outside of the box, unless the patron shall by written request filed in the post office, direct that parcels be delivered in this manner, with the express proviso that the department and the carrier are relieved of all responsibility in case of loss or depredation.

The stump was blown out by dynamite by Herman Beigel and Carl Eneke, of Elgin. Forty-five pounds of dynamite was used in the charge and one piece, 18 in. by 6 ft., weighing 200 pounds, was blown 330 feet. The tree was set out by Henry Reese in 1855, since which time the farm has remained in the family. The men in the picture are Fred Reese, Herman Beigel, John Schoenbeck, Louis Busse and Art Scharringhausen. The children are Lillian, Freddie, Ernst and John Reese.

PLAN TO MAKE WATER TOWER A MEMORIAL

If present plans of Mayor Dollinger and the village board meet with general approval the new Palatine water tower will be much more than a mere water tower. It will be in reality a memorial tower in honor of the boys from this community, who served in the World War. The tank itself would be a considerable distance above the ground and the base of the tower would be made into a quite sizable meeting hall for the Legion boys, where they could have ample room to have their color standards, trophy cases and where they could, upon occasion, entertain a considerable number of their friends. There will be nothing of the stand pipe look to the new tower if plans of the architect are carried out, the water tower part will be of metal and encased in an ornamental brick tower, which will be a credit to the community and the envy of all the communities who are forced to daily gaze upon a kettle, stuck on legs and sticking up into space in an unsightly and repulsive manner.

Mayor Dollinger, who was seriously ill last week, wasn't so sick but that he could dream and plan about the memorial tower for Palatine and a reporter for the Chicago Daily News, who dropped into Palatine to get some news on Palatine's progress, found the Mayor in bed, but so imbued with the future of Palatine and his hopes for the memorial tower, that said reporter wrote a good story on the subject, which, with a picture of the Mayor appeared in Friday's edition of the Daily News.

The Mayor will meet with the Legion boys next Tuesday evening and lay the plans for the memorial tower before them and find out what they think of the plans. It is nearly ten years since the great war ended, countless communities have erected memorials of one sort or another to their soldier boys, but Palatine has done nothing.

Various memorials have been discussed, but nothing has ever been done. It looks now as if a real comprehensive plan is in the making and that Palatine at last might have a memorial to be proud of and at the same time have a structure that would be of continuous and permanent benefit to the village.

By all means let's have a real tower and not merely a pot on legs that would be an eye-sore and a shame to the community.

Lutheran Lenten Services Every Noon At Adelphi Theatre

Last Monday the noon day Lenten services held under the direction of the Lutheran Publicity of Greater Chicago representing the Missouri Synod, were initiated at the Adelphi Theatre, Clark and Madison streets. These Lenten services will be held every noon from 12:05 until 12:35 until April 6th.

This week's speaker is the Rev. Fred Overhult of St. Paul, Minn. Next week from Monday to Friday, the Rev. H. H. Kummick, dean of students of The Valparaiso University will address the audience on the following topics: "Is Life Worth Living?" Tuesday: "The Christ Life." Wednesday: "Creeds and Deeds." Thursday: "The Right Foundation." Friday: "Seeing Men with Christ." The announcement of the third week topics will be made in the next week's issue. At these services there is also special music, and community singing.

New Parcel Post Delivery Service On Rural Routes

The local postmaster has received the following order from the Postmaster General in reference to the handling of parcel post on the rural routes.

All ordinary parcel-post packages for patrons of rural routes shall be carried out on the routes on the first trip after their receipt at the post office. When a patron does not live within hailing distance of the route, and is not at the box to receive a parcel that is too large to be placed therein, a notice shall be left in the box, requesting that the patron meet the carrier on the next trip unless the parcel is called for at the post office. The notice shall be placed in the box of the addressee shall not be left outside of the box, unless the patron shall by written request filed in the post office, direct that parcels be delivered in this manner, with the express proviso that the department and the carrier are relieved of all responsibility in case of loss or depredation.

Grandma Baker, Old Palatine Resident Dies

Mrs. Baker, a resident of Palatine a great many years, and a former resident of southern Lake county died Thursday evening at her home in Palatine. The funeral will be held Sunday at 1:30 at the residence and 2:00 o'clock at the St. Paul's church.

A North Carolina judge says he can tell when a witness is lying, for when he lies he always swallows before he speaks. We've known polished liars who never batted an eye, to say nothing of swallowing.

Community Stage Presentation to Have Professional Touch

If you could see the lighting schedule and the curtain schedule, you would think you were looking at the records of a professional theatrical stage instead of that of the new Arlington Heights community house.

The curtain schedule locates the various curtains and scenes on 25 different overhead hangers. The lighting schedule gives directions for nearly a hundred changes in the course of the first entertainment announced as "Everything."

These changes are not planned just to see how many can be made for the possibilities are far beyond this number, but rather they are planned to make this first entertainment the most beautiful, the most surprising, the most pleasing you have ever seen.

The professional touch has been obtained through the good fortune of the Tri-Signas in having several professional stage men in their number. The lighting effects are in charge of a man who is not only a professional electrician, but who has been chief electrician for a string of theatres.

The instrumental music is in charge of a man who has been a professional orchestra man, and who has played in many of Chicago's theatres.

The general order of things on the stage has been planned and will be carried out by a man who has been on the stage for years and who has made a special study of modern stage devices especially for this presentation.

The actors are those who have already pleased Arlington Heights audiences both in dramatics and in the laugh provoking antics with which some people are endowed.

"Everything" is to be a real treat to our community, and every man, woman and child should attend at the new Community House, a part of the new Methodist Church, next Monday night and Wednesday. Tickets at Perrins.

County Beekeepers To Hold Meeting

The eighth annual election of officers of the Cook County Beekeepers' Association will take place at the Bismarck Hotel, Randolph and Wells streets. Everyone enjoyed the new meeting place last month.

Prof. Bruce Lineburg of Lake Forest College will talk on "Spring Management," which will be interesting to all bee owners. Many owners will be obliged to spend a great deal of money for additional sewage treatment plants and other means of disposal. But if the Howard Street Interceptor Sewer is built as now proposed by the Sanitary District this problem will be solved for many years to come, and it is certain that property values in the district will be enhanced.

It seems probable that the Sanitary District will be very likely to build this sewer if they are certain that the property owners in the various towns named actually want the improvement. The Sanitary District naturally is very anxious to hear from people concerning this improvement and it has been suggested that local Village Boards, Chambers of Commerce and other civic bodies as well as the individual property owners address Hon. T. J. Crowe, president of the Sanitary District, 910 South Michigan avenue, Chicago, expressing approval of the proposed Howard Street Interceptor Sewer and advising him of the need for building it.

A number of the civic organizations in the territory that would be served by such an improvement are taking an active interest in this matter. Concerted action at this time is expected to bring results.

Dr. Hastie Odgers, district superintendent of the Chicago North-eastern District, Rock River Conference, who will preach Sunday morning, April 1, Dr. Odgers is well known in northern Cook county, as he has charge of seventy Methodist churches in this vicinity.

All Sunday services until Easter Sunday will begin at 10:30 o'clock instead of 11:00 as heretofore.

Urges Completion Interceptor Sewer

The Sanitary district of Chicago plans for a Howard street interceptor sewer that will extend from Des Plaines to the treatment works at McCormick boulevard and Howard street.

This proposed Sanitary Sewer is being designed to take care of the sanitary sewage of Des Plaines, Park Ridge, Niles, Glenview and Morton Grove, and will follow the line of Howard Street with laterals extending to reach these towns. It will be of tremendous importance to the towns named and not only will it clean up the Des Plaines river and the upper north branch of the Chicago river, but it will save property owners in the benefited towns thousands of dollars as it will be built entirely out of the Sanitary District funds.

As all these towns are growing at a tremendous rate it is certain that any existing provision for the treatment or disposal of sanitary sewage will soon be obsolete, therefore, in a few years the property owners will be obliged to spend a great deal of money for additional sewage treatment plants and other means of disposal. But if the Howard Street Interceptor Sewer is built as now proposed by the Sanitary District this problem will be solved for many years to come, and it is certain that property values in the district will be enhanced.

It seems probable that the Sanitary District will be very likely to build this sewer if they are certain that the property owners in the various towns named actually want the improvement. The Sanitary District naturally is very anxious to hear from people concerning this improvement and it has been suggested that local Village Boards, Chambers of Commerce and other civic bodies as well as the individual property owners address Hon. T. J. Crowe, president of the Sanitary District, 910 South Michigan avenue, Chicago, expressing approval of the proposed Howard Street Interceptor Sewer and advising him of the need for building it.

A number of the civic organizations in the territory that would be served by such an improvement are taking an active interest in this matter. Concerted action at this time is expected to bring results.

Owner of Deer Makes Identity Known to Judge

Police Magistrate Homer Byrd, Arlington Heights, Illinois, Dear Sir:

I was interested to read about the young doe which Chief H. M. Haight of the Park Ridge police force is charged with shooting. I believe it is my deer as a light brown deer with light spots, an English fallow doe, which I had on my farm in Wheaton, escaped and ran away several months ago, and I wish you luck.

Sincerely,
Harry G. Goelitz

Deer Slaying Brings More Trouble for Park Ridge Captain

Capt. Haight of the Park Ridge police force and former motorcycle policeman of Palatine is providing lots of copy for the Chicago and local press. His trial as a slayer of a deer was postponed again by Judge Byrd at Arlington Heights.

Palatine, Haight not only can kill defenseless deer, but he can also knock down a brother officer, which according to the Chicago papers, was the second reason why the incident of publicity should be brought on him this week. Here is the story as it appeared in the Herald Examiner Thursday morning.

Deer Slayer of Park Ridge in First Fight

Capt. H. M. Haight, commander of the Park Ridge police, was as elusive yesterday as the deer he is accused of slaying.

Mayor John Anderson couldn't find him to suspend him for an alleged fight with a 67-year-old policeman. Feeling, meanwhile, ran high in Park Ridge over the fight.

Robert McGregor, it was said, disregarded his captain's warning against criticism of the deer slaying. Haight suspended the veteran. An argument followed. McGregor knocked the captain down. And then the captain knocked McGregor down, shattering his glasses.

Thereupon Robert McGregor, Jr., started out to avenge his father. With former Alderman Fred Eberhardt, it was said the young theater owner hunted Capt. Haight. At last he found Haight in a police car. He tried to pull him out. And the captain, remembering his big game hunting experience, stepped on the gas and vanished.

All this, it is said, happened Tuesday night after the Park Ridge council had passed a vote of confidence in the captain, who is facing seven charges in connection with the deer episode. His trial has been continued until March 28.

Mayor Anderson, informed of the trouble, said yesterday that he would suspend the captain pending investigation of all charges. But he couldn't locate Haight, who is said to have been seen at dawn yesterday.

Club women and members of the Izak Walton League are watching the deer killing trial with interest. The deer, said to have fed at Park Ridge back doors all Winter, is alleged to have been shot by Capt. Haight and Sergeants Harold Johnson and George Lathrop.

The date of the trial of Capt. Haight and his fellow deer hunters is Wednesday, March 28, at 2 p. m. in the court room of Judge Byrd, Arlington Heights.

Mad Dog Invades Oakton St. Farm

Last Sunday evening after dark a mad dog invaded the premises of E. A. Schroeder on Oakton street and after biting his only child, a terrier, which was chained to his hut, was finally shot by his son, who, at the time, was in the barn doing the chores and, who, himself had a very narrow escape being bitten by the infuriated beast.

On close examination afterwards it was found that the fore teeth of the animal were all broken off presumably by biting into objects with which it came in contact. This lead Mr. Schroeder to take no chances so he had the head of the dog examined at the State Department of Public Health, which declared it to be infected with Rabies.

Another warning, keep your dogs in confinement, so they will not endanger the lives of the many children going to school or the public at large. One such dog may have bitten many others, which at any time may turn mad without warning.

FUNDAMENTAL QUESTIONS DO YOU NEED CHRIST?

In putting this question we have in mind Jesus Christ as the Redeemer of men and not as a moral example. Do you need a Redeemer?

You may be one of the hosts of the self satisfied people. As such your answer may be, "no, I am good enough as I am. I do nothing really wrong. I am not vicious. I lead a decent and honest life. I represent the better element in the community. I am doing the very best I can."

The trouble is that your best is not good enough, for the laws of God demand perfection. Surely no one has the courage to step before the judgment throne of God and say, "God, behold a perfect man!"

Unless we have an absolutely clean record, there is no hope of justifying ourselves before the eternal Judge. The Bible tells us, "If we say we have no sin, we deceive ourselves and the truth is not in us." It tells us further more that "all our righteousnesses are as filthy rags." Plain and inexorable is God's judgment over sin: "The soul that sinneth, it shall die."

In spite of our efforts our life remains tarnished with daily transgressions against God's holy law. There is no use in picturing God as a weak and indulgent Father who in the kindness of His heart cannot punish sin. We are apt to forget that justice is also a quality of God and that justice if it is worthy of its name, demands punishment. Experience has taught us that no human law is worth the paper it is written upon unless the authorities enforce it. And do you believe that men can go on sinning against the laws of God without having retribution overtake them?

We must state the case clearly: "There is hope for us only if the law be fulfilled and our transgressions against it be atoned for. And that brings us again to the question at the head of this article.

We need Christ, absolutely. In fact, Christ the Redeemer, is the one indispensable need of every guilty sinner. He is the divine chosen substitute for each individual sinner. He appeared in human form to fulfill the law of God for us and to atone by the shedding of His blood for our sins.

That was the purpose of His coming as He Himself has plainly said: "The Son of Man has not come to be ministered unto but to minister and to give His life as a ransom for many."

You need Christ more than you need anything else in the world.

You need Him in order to have peace of heart and a quiet conscience. There is happiness only in Him. Christianity does not mean that we go about our tasks with a solemn face and lead a melancholy life. Only he is truly happy who has the positive conviction that the guilt of his wrong doings has been removed, that the consequences of his sins have been suffered, that the love of the Heavenly Father shines over him in all the devious ways of life.

You need particularly at the end of life's road, when you shall stand before the throne of One whose all seeing eyes shall gaze into the hidden recesses of your heart. In that hour there is hope only in the fact that we may stand clothed in the garments of our Savior's righteousness. That garment is ours for the taking: "The blood of Jesus Christ cleanses us from all sin."

You need Christ to remove the terrors of death. Through His death and resurrection He has made our death merely an exit from this land of our pilgrimage and an entry upon the real life which He has prepared for us.

Your whole life from its standpoint of eternity is a failure unless you have found Christ. All your social and business activities, your honor and pleasure, are pitiful pastures of a doomed soul unless Jesus has become your personal Savior.

No matter how rich according to human standards of your life may be, it has missed its divinely intended purpose unless you have lived it in company of your Savior. On the other hand your life may be devoid of pleasures and the comforts which human beings hold so dear, and may be full of misery and hardship. And yet it is a successful life if it lived in the company of Jesus and has the blissful termination which God has intended.

"For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him shall not perish, but have everlasting life." John 3, 16.

Hunt Handbooks Here This Week

We don't know whether the nearness of Arlington Park is supposed to have instilled such a love of the ponies in the people of this community that they would want to bet on the bang tails at the winter tracks or not but just the same we hear rumors that a flying squadron from the county was nosing around Palatine one day this week looking for a place to place a bet on the ponies.

If there are any hand books around Palatine we have never heard of them and we don't believe that there are any books being made on the southern races in this community. We may be growing fast and acquiring all the ways of the city but handbooks is a new one on us and we don't believe we have got that far yet.

NEW FIRE TRUCK FOR ARLINGTON IS DISCUSSED

All our citizens who have known the difficulties our brave firemen have had with the old fire truck will be glad with them that the village board at their last meeting considered the purchase of a brand new truck with up to date equipment, etc. They also discussed the building of a new place to house the new truck on the site of the present hand stand. Our village certainly needs to get busy with such improvements as will keep us abreast of the growth of larger Arlington Heights.

The board met in regular session Monday night, March 19. All members present.

Routine business including the payroll was acted upon. The payroll amounted to \$1,154.77.

Bids were opened on the new pumping equipment, and the matter left in the hands of water works committee. Sixteen bids were received.

The village attorney was instructed to notify property owners on South street from State road west to the south side public school building to lay sidewalks along their properties.

It was voted to provide new uniforms for Officers Skoog and Heilmann. A contract was drawn to purchase an acre of land from Joe Wehner as a site for a new well for village use in future.

A plat was submitted on the Home Manor Subdivision (the old gun club grounds). The board O. O'd the proposition.

An ordinance was passed providing for sewer and water in the Stone Gate subdivision on the East part of town. Bids were opened on the oil supply for public uses.

An order was given for a carload of oil to be purchased from the Sinclair Oil Company.

After discussion on the disposal of a triangular piece of land on the highway it was decided to offer it for sale.

Board adjourned to meet Tuesday, March 27.

Lindner Elevator Nears Completion

Jos. Lindner, our enterprising miller, during his 16 years ownership of the flour and grist mill, has made many improvements in machinery and building, the most recent a new brick garage has been added to the original group of buildings.

The very latest is a wonderful elevator on the site of the old ice house, which is almost completed. It is of frame construction covered with sheet iron making it perfectly fire proof, with a capacity of 5,000 bushels of grain and the machinery will elevate 1 carload per hour when ready to operate.

Western Union To Have Own Office

Mr. Walter Krause is building another office on W. Campbell Ave. The building is 16x36 feet to be of block foundation, with tile walls finished and ready to occupy by June 1st, when the Western Union Telegraph Co., will be ready to give improved service, especially to Arlington Park, our nearest neighbors on the west.

The contractors are Schulenberg mason work and Pingel, carpentering and they are certainly making the chips fly.

Basketball Ends For Grade School Saturday Night

Basketball season is closing with a three day tournament Thursday, Friday and Saturday this week and representatives from the following schools will meet on those dates.

Wheaton, Glen Ellyn, Lombard, Villa Park, Downers Grove, Des Plaines and Arlington Heights; each school having two teams. Light weights under 100 pounds, heavy weights, those weighing over 100 pounds. Mr. Whitmore and Coach Gustafson will accompany our local teams and we hope to see them come home bringing a fair share of the laurels.

The Warblers Name New Singing Society

The Warblers, a singing club for Arlington Heights, will be organized at the home of F. S. Bergens, 400 E. Euclid on Tuesday evening, March 27, at 8 o'clock.

It will be a singing and social organization. For all members, who want to study singing, class voice sessions will be held regularly.

An invitation is extended to all young people in Arlington Heights over 17 years of age.

Palatine Autoists Ahead of Barrington

According to reports from Barrington only 191 village vehicle licenses had been taken out by car owners of that village up to about March 15, out of a total of some 700 car owners.

Palatine autoists have a much better record than that, as some 275 car owners have taken out their village licenses out of a total of about 450 owners.

ARLINGTON HT'S.

The storm center of interest, village hall the 28th.

Township election April 3.

The basketball team met the Wheaton team at Glen Ellyn on Thursday.

A. J. Haseman recently moved from Long Grove to his new home in the Gieske-Landmeier subdivision.

Mrs. L. B. Wayman has been shut in the past week a victim of flu.

Mrs. Samuelson entertained the south side card club in her home Monday afternoon.

Mr. Whitmore made a business trip to Elgin Wednesday afternoon.

Mrs. Castle is detained in her home by a severe cold this week.

The families of Mr. Kurt Stoelckel and Mr. Martin Strand went to DesPlaines Wednesday to help in celebrating Mrs. Max Stoelckel's birthday.

Mrs. Hugo Behrel and Mrs. John Pfingsten went to the city Thursday evening to attend an Eastern Star banquet.

The kind of music we all call good—the old standbys—played by experts in the program "Everything" next Monday and Wednesday.

Mrs. Arthur Jenkinson of Park Ridge was a guest of her mother, Mrs. Guild attending the Woman's club Wednesday.

Mrs. Fred Swanson entertained a group of eight friends in her home Tuesday to help her to celebrate her birthday. The guests were most hospitably entertained and served to generous refreshments.

Mr. Henry McElhose who has been spending some time with relatives here returned to his sons home in New York Monday.

Mr. Albin Flodin was kept at home sick first of this week.

Mrs. Henry Heuer entertained a group of friends in her home Wednesday afternoon to a luncheon, and cards.

U. A. Reese returned home first of the week from his stay with his brother, Mr. James Reese and other relatives in Wisconsin.

Arthur McElhose, who has a definite knowledge of butterflies, moths and their varied species, says spring has certainly come to Arlington Heights as he saw two fine specimens of the Morning Gloriosa, two of them fluttering about his home this week, a sure sign spring is here.

Mrs. Sigwalt and daughter from Chicago spent Sunday with her sister, Mrs. G. H. Peter and family.

Miss Dorothy Walseg from Edison Park visited Mrs. H. M. Blume Tuesday.

Don't be a Calamity Howler. See the play by that name in "Everything."

Mrs. Hagenbring of the novelty store who has been missed from her place is ill and in a city hospital for treatment.

The Edward Benards have sold their place and returned to the city. The former owner, Henry Wilke the mail carrier has repurchased it, being his former home place.

The funeral of Dr. Elfeld's mother, Mrs. Mary Elfeld was held in the city Thursday.

Mrs. Dyer of Fond du Lac was the guest of her sister, Miss Anna Beckman in the A. F. Volz home first of this week.

Mike Dobbin in his funniest antics on the new community house stage next Monday and Wednesday.

Mrs. Otto Herman on South Evergreen Avenue entertained a group of friends who came to her home Monday to help her celebrate her birthday. All had just a jolly good time with their genial hostess, and wished many happy returns of the day and the joy of it.

The U. A. Reese family and Mrs. Rexford Volz were among those who attended the funeral of Dr. Elfeld's mother, Mrs. Mary Elfeld in the family residence at Chicago Thursday.

Miss Thelma Wells has been detained at home from her employment in the city by a severe cold several days this week.

Mrs. Frank Jahns is having a new roof put on her house among other spring improvements.

Why lie about it? You know you don't want to miss the first entertainment on the new community stage Monday and Wednesday.

Mr. and Mrs. Charles Weider received a message informing them that their son who is employed at Waukegan has been ill for three weeks.

The last meeting of the Welfare Workers occurred last week Wednesday. The doctor, Mrs. Parker and Nurse Jackson spent three busy hours. Are we giving this splendid community work our cheerful support? How about a special tax to insure its continuation.

Mrs. Jackson who so well entertained the Woman's Club Wednesday in her address on literature, met with the junior club in the home of Mrs. Whitmore the same evening in order to assist in perfecting a permanent organization.

A group of fifteen or more of the young girls now in school have shown an eager interest in this new junior club and we hope to see it completed into a helpful adjunct to the senior Woman's Club, and an educational activity for the young ladies themselves.

Rev. Peter Gall administered the rite of baptism to the infant son of Mr. and Mrs. Wm. Daly of Bensenville at Sunday morning service.

C. P. Lang who is well known to autoists as an old Buick dealer on Milwaukee Ave. was buried on Tuesday, March 22.

A citizen's duty is to know what his community is doing, and so every citizen will want to see "Everything" at the new Community House next Monday and Wednesday.

The Municipal band is planning to give a concert for public benefit. Mr. Walter Miltzer, as their representative tendered their services to the Woman's club at a recent meeting. The club were in favor of cooperating with the band members to make a successful entertainment. The proceeds to be used in improving the south side school grounds. Watch for further developments.

WLS Barn Dance Fiddlers heard over the radio every Saturday night will furnish the music for the Old Time Dance given by the Arlington Booster Club, A. B. C., at the High School Gym, Wednesday, April 11, dancing 8 to 12.

This is the first time that these well known fiddlers have offered their music in this community. Their music is worth while hearing, don't miss it. Gents 75 cents; Ladies 25c.

Mrs. James McElhose, N. Evergreen avenue, will entertain the Methodist W. F. M. S. Monday, March 26. All women of the church invited.

The "500" Club was entertained at the home of Mrs. George Weisgerber, N. Vail avenue, Wednesday afternoon. Luncheon was served, after which the ladies played cards, the following were the lucky winners: First Mrs. George Weisgerber; second, Mrs. Henry Klehm; third, Mrs. Thelma Pfingsten and Mrs. Koplin received the consolation.

Mr. Herman Heidorn left last week for his home in Perham, Minn., after spending the winter months here at his home on Chestnut street. Mrs. Heidorn and Gertrude will remain here several months before they return to Minnesota.

Mrs. Rasmussen and Marjorie, of Chicago, were guests of the R. Haseman family over the week-end.

Mr. and Mrs. G. Peck of Chicago came to visit their mother, Mrs. Allie Cook at the home of Mrs. Frank Whiting, Tuesday.

Mr. and Mrs. Howard Helm, Mrs. Louise Scharringhausen and Mrs. Elmer Crane visited Mrs. Amelia Stangor at the home of her daughter, Mrs. Fred Rugen at Glenview Tuesday. Mrs. Stangor, who recently underwent an operation is getting along nicely.

The L. B. A. met with Mrs. Ellen Albrecht Tuesday evening.

A group of the G. O. P. ladies enjoyed a meeting and luncheon with Mrs. Bahlken in her home on Vail Avenue Wednesday. For a good time and all day sewing bee. And an appetizing luncheon. This group of fifteen are not excelled.

In St. Peter's church the Sunday school will be held at nine o'clock Sunday the 25th, on account of giving more time later for the examination of the confirmation class.

The aid society of the M. E. church have made five new bed comforters in patch work patterns and well tied. They are in different colors, two blue and one green and other attractive colors. They desire to sell these articles. Anyone wishing to purchase or to learn more about them call phone 203-J. Prices reasonable.

Mrs. F. S. Bergens (Jessie May Beardsley) has received a partial scholarship in the conservatory at which she has been studying the last five years, because of her lovely and promising voice. She is continuing her studies there and teaching here with the same seriousness as in the past.

Woman's Club Notes

The club met in regular session Wednesday this week. Mrs. Arthur Jenkinson of Park Ridge, daughter of the president, Mrs. Guild, met and introduced the speaker, Mrs. Jackson, chairman of the Federation committee on literature, who gave an address on the literature of our times. She gave a review of some of the books she considered worth reading. Among them she mentioned "The House of Mirth," by Edith Wharton, an all too vivid picture of the inside life of New York's society people. Her talk was much appreciated by the 15 ladies, members of the club present. An all too small number, but life in Arlington is too much of a whirl for us to profit by all the good things brought to us. Yet it is hoped that the enthusiasm of those present compensated for the lack of numbers. Mrs. Milton Daniels sang a pleasing selection, playing her own accompaniment.

Mrs. Ickes, whose husband is a well known politician was a guest of the club and spoke on the coming elections. She urged women to inform themselves on the relative merits of candidates and to be sure to attend and vote at the primaries.

Mr. Miltzer, of the Music House of Miltzer, was present to present a proposition to the club. He plans to give a concert and his proposition was to give the Woman's Club the privilege of sponsoring the concert or cooperating with the musicians, the proceeds to go toward a fund to provide a playground for the south side grade school. The club agreed to consider the proposition and at once take action on the matter.

A fair proposition for a good cause. Refreshments were served and a pleasant social hour enjoyed. Club adjourned to meet in two weeks.

OUR CHURCHES

St. John's Evang. Church

Sunday, March 18:
Sunday school at 9:30 a. m.
English service at 10:30 a. m.
English Lenten service at 7:30 p. m.

During the morning service our class of confirmations will be examined. These young Christians will give testimony of their Christian faith in which they were instructed. A hearty welcome is extended to all.

Monday and Thursday evening rehearsal of the Senior choir.

The Junior Choir meets Thursday evening at 7 o'clock.

St. Peter's Church

It was an overflow house gathered on Monday night in the school house to see and hear the illustrated lecture on the passion of Christ. The outstanding masterpieces of the brush were thrown on the screen to illustrate the passion narrative.

Sunday school will begin at 9 o'clock next Sunday morning, because of the German English examination of the catechumens.

The English service will be combined with the German on Sunday beginning at 10 a. m. Please bring your German and English hymnals. A class of 40 catechumens will be examined in both languages.

We want to express our appreciation for the splendid attendance at our English Lenten service held every Wednesday evening. It was especially gratifying to see so many of our townspeople who are not definitely connected with our church. The ever growing audience at these Lenten services has been a proof that the old Gospel has not lost its appeal and that the cross of Christ is still a mighty magnet to draw the souls of men.

The sixth Lenten sermon of the series will be based on the text, John 19, 30: "It is finished!" This short but comprehensive statement of the lying Savior sums up for us the whole comforting truth on which our faith in salvation is based.

Special Lenten Services

At St. James Church

During the past weeks Rev. Peter Gall has held two services daily. The special services Tuesday and Friday, the Rev. Alphonse Mickovich, O. F. M. of Lemont, Ill., read mass in Slovak for benefit of the members unable to understand the usual service.

Rev. Mickovich is of the Franciscan order and a fluent speaker in several languages including Slovak, Croatian, Polish and Bohemian.

This Friday evening at 7:45 service.

Short Talks By Thoughtful Mothers

A New England Mother says, "Our children are very susceptible to coughs and colds. Being located some distance from town, we felt the need of a good dependable cough medicine, and when our druggist recommended Foley's Honey and Tar Compound as the best in his experience, we accepted his judgment gladly. For coughs, croup, whooping cough, troublesome night coughs, bronchial coughs, we have tried it time and again always with complete satisfaction."—Sold everywhere.

TAX COLLECTOR'S NOTICE

I will be at places and dates as follows for collection of 1927 taxes from 8 to 4 o'clock:

March 29, J. F. Everding's Store.

March 30, J. F. Precht's residence.

March 31, April 7, Mt. Prospect State Bank, 8 a. m. to 4 p. m. and 7 to 8 p. m.

April 2, E. H. Deike's Store.

April 4, August Busse Residence.

April 9, Walter Krause Jr.'s Real Estate Office, Arl. Hts.

April 6 and 11, at my residence of Rohlfing Road.

L. W. Pohlman,
Tax Collector for
town of Elk Grove.

PHONE OR CALL; WE DELIVER

What is a used car bargain?

What is a used car bargain? Is it a used car of uncertain age and mechanical condition, sold at a so-called "marked down" price?

Or is it a good car, sold by a reliable dealer, for a price that he knows is fair?

We know automobiles. That's our business! And we know what they're worth when we take them in trade on new Buicks.

We always give our used car customers a square deal—both in the price and in the condition of the car.

Our reputation is too valuable to risk by anything short of absolute fairness and honesty.

Why Lie About It?

There are those times when many of us would lie if the truth were known. That is the situation with Herman Meyer in the one-act play, "Why Lie About It?" a part of the new community house entertainment, "Everything."

He hopes his rich aunt will leave him her money, and he thinks that what she don't know, won't hurt her. His wife (Edith Atkinson) doesn't fully sympathize with the scheme, however, and Herman has an awful time. But it all turns out much differently than you would expect.

The other play in this program is of an entirely different nature. A convict has escaped and word has been received at the Dickelworth Pickle touring camp, that he is headed that way. Jim McElhose is the Pickle who owns the camp, and when it begins to rain through the roof and the thunder and lightning frighten his wife (Mary Meyer) the Calamity Howling begins. "The Calamity Howler" is a two hour play reduced to 25 minutes, and the plot is so cleverly constructed that you would never figure out how it all ends.

This "Everything" program is well named for it includes in addition to these two plays, such numbers as follows:

A peppy college chorus, a piano surprise, an Irish monologue, "Cowboy" (if you know what that is), a string trio in high class musical numbers, a trombone act that will remind you of circus days, and a screamingly funny act by the biggest actor in the bunch, "Mike" Dobbins.

The house which is part of the school property, recently vacated by the Misses Russell will undergo necessary repairs before it will be ready to be occupied. This is one of many interests the members of school board have to consider.

Our local boys are all primed up and ready for an exciting event at Glen Ellyn. The first game was played Thursday night. Coach Gustafson and Mr. Whitmore accompanied the home boys to the scene of action, where they met the Wheaton team, and if they are the victors in the first event will be in the Friday night game and here's hoping they make good and get in at the last game Saturday night.

Conkey's First

In 48 hours after leaving the shell, chicks are ready for Conkey's Buttermilk Starting Feed (the original.) It has saved millions of chicks. Get it now and be ready.

Light up....for health!

AT STUDY and at play, children's eyes must be protected. They need enough light and the right kind of light. Gloom and glare are equally dangerous. Defective vision, aggravated by poor light, handicaps one-fourth of all the children in American schools. For your children's sake—and also for your own comfort and health—be sure the light is right.

Lighting Information Service

Our lighting specialists will be glad to study your particular needs and suggest ways in which you can secure the best lighting effects. This advisory service is free. Call in or phone us.

PALATINE

Take your films to Toynonts. You leave them one day and call for them the next day.

On account of illness, Miss Sadie Voss was detained from her duties at Schoppe Bros. store.

Herman Landwehr, who was taken to the county hospital last week, died Wednesday.

Rev. and Mrs. Hentsche and family of Hobart, Ind., were guests at the Dr. Renner home Tuesday of last week.

Mr. and Mrs. H. W. Meyer and Mr. and Mrs. David Johnson, and two children, Lorraine and Marion, of Chicago, and Mr. and Mrs. Ed. Neagle, were callers Monday evening at the home of Mr. and Mrs. Geo. Meyer.

Lost—Near forest preserve on Quentin road, cap of a disc wheel, dark blue. F. W. Langhoff, phone Palatine 30-W-2.

Mr. and Mrs. A. C. Held were surprised Wednesday night in a "going away" party. After spending the winter at the home of the Mayor, they will leave Friday for their home in Michigan. Cards were played and prizes were won by Mrs. Thorp, 1st; Mrs. Mangels, 2nd; Wm. Roder and Miss Joiner, consolation.

Mrs. Mangels attended a buncio party last Thursday in Cary and brought home first prize.

Officer Ost of the Palatine police force is driving a new Nash car, purchased of Harry Kruse, and thereby hangs a tale. Chuck's old car came near being a new car for Geo. Vehe. It was the first time George ever got that near to being a car owner. Just 29 minutes separated him from the car.

George went home to dinner Wednesday night. Mr. Kruse offered him the car that had been turned by Mr. Ost. George said "no" but the more he thought about it, the more he wanted it and finally about 8:30 that night he surprised the boys in the store by saying "I am going to do it." He grabbed his check book and left for Kruse's garage. He returned slower than he left. The car had been sold exactly 29 minutes before George reached the garage. George has asked us to say that he had the car fever Wednesday evening, but he is safely over it and that it will do no car salesman any good to come around and try to sell him one.

Rupert Zoellich was among those who were ill this week.

Chas. Zoellich has sold his house on North Plum Grove Ave. to Ed. Koch of Long Grove. He will return to Des Plaines where he recently built a home for himself.

Dr. Gorsline has sold his house on Rose street to Roy Koch, of Long Grove, one of the two brothers, who is moving to Palatine.

Mrs. A. H. Luck of Jackson, Mich., Mrs. Wutski of Gurnee and Louise Gasskof, of Chicago spent the week-end at the home of Mr. and Mrs. Louis Schoppe.

Mrs. Louis Miller is entertaining the Needle Club at her home on Thursday at the same time they are quilting a beautiful embroidered quilt.

Mr. and Mrs. Wilbert Zappel entertained the neighborhood pinocle club Wednesday night at their home.

The Odd Fellows are giving a card party at their hall Thursday evening.

Mr. and Mrs. Bert Hall of Libertyville spent Sunday with their mother, Mrs. N. Baker who is very ill.

Shirley Godknecht the infant babe of Mr. and Mrs. William Godknecht has been very sick this week.

Mrs. Leo Nangle is very sick with pneumonia. Her many friends trust she will have a speedy recovery.

Mrs. Elizabeth Grandy visited in Antioch Friday and attended the school of instruction of the Rebekah lodge. She was the guest of Mrs. Runyard.

OBSERVER'S NOTES

'Tis better to be a dreamer, Than a self-concentrated schemer; In all that must concern the state; For dreams bring out the making; Of some mighty undertaking, And give birth to enterprises.

Great Some one saw in a dream a representation of the Spirit of America, welcoming to our shores the stranger, and the oppressed from all lands, and that dream gave birth to The Great Statue of Liberty in that eastern harbor. It was from the unseen thought in the dream that the real statue was built.

The schemer, who works out schemes for self and self gain, does not dream or envision great ideals for his town, his state or his country. Too often he is a greedy grabber and crowds of public betterment entirely off the stage of action.

You know what a cozy homey place the Misses Carrie and Minnie Meyer have, and how many have enjoyed the hospitality of their pleasant home surrounded by flowers and fruits—a veritable oasis in the busiest part of town.

Now new business enterprises have crowded closer and closer to their little haven of peace, until they are to move. No, not away from their home. They will take the house with them, away from the railroad. Away from and retiring to the rear of their present location their house will be placed to face north on Miner street.

It was over 60 years ago Mr. Meyer, their father, purchased the place from Mr. Pfeiffer, and built on other rooms and improvements. Those who come to Arlington Heights today cannot realize the changes made in 60 years. The world moves, and we have to move with it. It is said to be good for us to make changes in our place of residence. In making a change of location the Misses Meyer, will really take their home with them and I'm sure it will be a real home to them.

Are we living up to our ideals for Arlington Heights in its rapid growth and expansion? It does seem after a ride out north on Dunton and east on Euclid to the cemetery, something is not quite up to all our boasting. The condition of Euclid between here and the cemetery and the state of the street and entrances—seems to say the least deplorable. The loss of those grand old trees is shocking to some of us. The condition of the streets, I am told is entirely unavoidable, and I have faith to believe made right soon as spring opens. It is to be hoped it will, and the beauty of the streets compensates the loss of the trees.

Gets me all nipped up to hear of all the splendid things to be: One of our active board members tells us the larger drainage system as soon to be installed. That doesn't mean at once, as it is a colossal undertaking, requiring time and labor, as well as capital to bring about. It is good to learn we are to have our own system without "enlarging alliances," with other towns. The more individual we can keep our home town, the stronger and safer will be our individual homes.

Don't know if anyone in Arlington Heights knows Illinois river in the vicinity of Morris. If there be any such they must have admired that color camera study sent out by the Tribune February 26. I think they called it signs of spring. At any rate it was a fine picture of the old Illinois. In the vicinity of Morris the country is low and exceedingly uninteresting except for the grand old woods in the vicinity. It has the most wonderful woodlands and the first name of the place was "Forest City." Many famous persons have had their homes in Morris, the Fieldings, Jessie Bartlett Davis, Dora Gordon Steele, Fred Perry, and Fred Malcomb the great woman, impersonator.

It was at Morris, Old Shabona, almost ready to meow. The sun-shines and we are all praying—"forgive us our debts as we—as we forgive our debtors," do we mean that prayer? We have each and everyone of us much to be forgiven. I'm sure I have—have you? Had a lot of nice spicy things I wanted to "observe" but was hindered by a tale of sorrow that came to me, from those who are in trouble. Once more cheer up—Spring is coming.

Who maketh us to differ? We're not to judge, at all; No one is ever perfect Nor can be since man's fall.

We see the faults in others, Yet think not of our own. Why magnify our brothers' And think our faults unknown.

"We'll never reach God's heaven When stubbornly we've tried To blaze abroad another's sin Thinking our own to hide.

We all have human failings, And weaknesses to fight But magnifying others Will not make our own right

Some of us were made stronger Temptations to resist And if one tries with all his strength And yet the mark has missed.

Our father knows his weakness— Remembereth he is dust

Look a here, you old men in Arlington Heights. I want to tell you something. When you begin to look at our town, our church or our school, or any of the live moving things of today, through the little end of the telescope, it is about time to retire. Do you know you are getting mossy, if you haven't realized it. Haven't you become aware of the fine capable younger men who should be given a chance to prove their ability in the very positions you are getting smaller and smaller. Age does not incapacitate if we keep abreast of the times, and need of the times. When we fail in this, young or old it is time to retire.

"Old men for counsel"— "Young men for war"— With some a favorite quotation, But that depends on what counsel is for

And what has most obligation, When older men stage A horrible row By seeking to rule or ruin We call on young men To save us some how From war that that seems a-brewin'

Whether the old or young We need to expand— Our limited circle of seeing, And know there are others Who understand— And have equal rights for being. In this land of the brave and free Where no king holds dominion It might just possibly Happen to be They've a right to hold an opinion!

Observer is discovering some wonderful cheering things in our town. So many fine intelligent young men and women who are just going to carry on the affairs of the town, and in all our organizations, for the highest and best good of all.

All we need is just find the progressive level headed thinkers. And give them places of trust and honor. Cheer up, Spring is coming. Just look at the beautiful roses in full bloom on the pages of the seed catalogues. The pussy willows are</

Jaranowski Is Candidate for Recorder Deeds

Cook county expects to build upwards of 300 miles of roads and highways in its rural districts during 1928, according to a statement yesterday by County Commissioner John W. Jaranowski.

Mr. Jaranowski, the Mayor of Calumet City, is one of the commissioners who is aligned with President Anton J. Cermak, in an effort to pave every section and half-section line in the county's rural districts.

A self-made man, who, in his youth knew the sorrows and bitterness of poverty, Mr. Jaranowski, according to his friends who are backing him in his fight for the Republican nomination for the office of county recorder of roads, is exceptionally well equipped to fill that place in an efficient manner.

One of a family of eleven children, all of whom knew at times, the pangs of hunger, Mr. Jaranowski, while still a boy, saw the money-making possibilities in the teaming and contracting business.

Saving his money he purchased a team of horses, which, during the course of years, he ran up, like the proverbial shoestring, into the Illinois Coal and Teaming Company, one of the largest of its kind in the county.

Before he was 21 years old he was president of what is now the Public Construction Company, which under his supervision, made many vast improvements in engineering projects. As many as 6,000 and 7,000 men were employed on those various jobs during a year, the total cost of the work running into the millions of dollars.

With Mr. Jaranowski's success came recognition of his ability and shrewdness by the people of Calumet City, where he lives with his wife and three children at 842 Wentworth avenue.

Persuading him to enter public life and devote some of his time and ability to the interests and welfare of his community, they elected him alderman, an office he filled with credit to himself for seven years.

For thirteen years he was highway commissioner of Thornton township and at present is completing his second two-year term as Mayor of the City of Calumet.

In 1926 he was elected to the Cook County Board of Commissioners, demonstrating his worth by being placed on such important committees as those dealing with finance, law and forest preserve matters.

He is a vice president and director of the Calumet City State Bank; chairman of the Calumet City Library Association; chairman, Calumet City Welfare Association; district chairman, Calumet City Loyal Order of Moose; co-organizer, Calumet City Park District and Thornton Township High School; member of the Benevolent and Protective Order of Elks; member of the Eagles; director, Calumet City Chamber of Commerce; member, Dolton, Riverdale, Harvey and Lansing Chambers of Commerce and Chicago Heights Athletic Association.

During his business career Mr. Jaranowski's many real estate transactions made it necessary for him to make a thorough study of the Torrens system and the workings of the recorder's office. This, coupled with his building and loan association experience, will enable him to apply the most modern of business methods in the administration of the recorder's office, when elected, he declares.

What the late Paddy Carr was to the poor of Chicago, Mr. Jaranowski is to the school children of Calumet City. Remembering the poverty and sorrows of his own boyhood days, he makes it a point every Christmas, to distribute gifts to each of the 4,000 school children in the place where he was born 39 years ago.

Incidentally, the same motive is said to have actuated him when he established the first free dental and

medical clinic in the southern part of Cook county.

Much of the credit for the fact that Calumet City today enjoys the benefits of a deep sewer system is given to Mr. Jaranowski, who was one of the most untiring workers for its installation.

During the World War he acted as chairman of various drives, putting Calumet City well over the top in the Liberty Loan, Salvation Army and Red Cross fund campaigns.

Bright Lights Cause Of Serious Accident

Rollin Wilson, though badly shaken up and bruised is thankful that he is alive after an auto accident that occurred about 9:30 Saturday night, near Park Ridge. His car, a Hudson Super Six, was badly damaged. Owing to the bright lights of an approaching car, he did not see a truck which he was approaching until he was almost up to it. He applied the brakes, but was unable to stop and his car passed under the truck body as far as the windshield with the result that almost everything in front of it was wrecked. Mr. Wilson's car hurled across the road. The truck was not damaged.

Had his car continued under the truck a short distance further, Rollin would not be alive today to tell the story. He was given every medical attention and expects to be able to be out again before many days.

The force of the impact, although both cars were traveling in the same direction was very hard, but it was the so-called extras on the car that were damaged, the engine is evidently unharmed.

Col. Lindbergh's Mother Rescued By Whippet Car

Fred Neterer, a farmer residing near Edwardsburg, Mich., is certain that the Whippet is the only car to have, at least among light cars.

When the Ford monoplane bringing Mrs. Evangeline Lindbergh, mother of Col. Charles A. Lindbergh, back from her Mexican trip, was forced to land during a snow storm near Edwardsburg, its pilot selected Mr. Neterer's farm.

Mr. Neterer volunteered to beak a trail to the plane with his Whippet if enough members of the party would be recruited to hold it down on the snow to give it traction.

Despite having traveled 15,000 miles, the Whippet succeeded in bringing the entire party including Mrs. Lindbergh to a hotel in Edwardsburg in three hours.

In the meantime, information had reached a neighboring town of the plane being forced down and a dealer handling a four-cylinder car made by the manufacturer of the plane tried to get through with his brand new tudor sedan only to have the rear end give way under the strain.

Fred Neterer is a proud farmer. Proud that he could be of service to Charles Lindbergh's mother and proud, too, of his Whippet automobile that was equal to the emergency.

You can't out-do the Whippet.

TWENTY FIVE YEARS AGO

TAKEN FROM FILES OF THIS PAPER MARCH 13, 1903

Arlington Heights

Misses Josie Mors and Flora Traub, spent Sunday in the city.

Miss Marie Niemeyer returned to her work in the city Wednesday.

Mrs. Chas. Bollenbach, who has been sick a few weeks, is able to sit up awhile.

Miss Agnes Danielson and brother, Will, were guests of the Cooley family Sunday.

Mrs. Walter Abbs, son, Earl, and sister, Celia Hausman, visited Mrs. John Schwemm at Barrington Monday.

Mr. Burton Noyes, who has been taking treatment at the Polyclinic hospital, Chicago, is improving rapidly.

Miss Ida Hawks, who fell on the sidewalk in front of the Pastor Roeder residence, March 4, is still confined to her bed. The right knee cap was badly bruised and may necessitate a surgical operation.

St. Peter's parochial school continues to average very high in its attendance. They have 195 enrolled. F. Militzer 77, Mr. Kranz 79; Miss Noack, 39. A large class will be confirmed this year. They expect 200 or more pupils after Easter.

Fred Domkowski and Miss Lizzie Beese surprised their many friends by slipping off to Chicago and getting married March 4. Such an occasion should be celebrated by a grand wedding or charivari. They missed lots of fun by their secrecy.

The bottom fell out of the roads last Saturday and all the gravel seems to have dropped out of sight. The mud is too thick for boating and too thin for other methods of travel; even a four horse team can't haul a half a load. A better quality of Macadam is needed.

Mrs. Mike Oefelein visited relatives at Des Plaines and Edison Park a few days this week.

The standpipe, boiler and all the material for the water works plant is now here and will be set as soon as the weather permits. It is hoped that the water can be turned on and the system ready for public use early in April.

Mrs. H. G. Lorenzen and brother, Harry, spent Saturday in the city.

Grades 6, 7, 8 and 9 had vacation Monday while Prof. Banta and Miss Evans, visited the Evans-ton school.

Fred Sieburg has sold his hardware store, tin shop and harness shop to Joe Horcher, who will take possession as soon as they can inventory the stock on hand.

Sunday, March 15, was a merry day at the home of Mr. and Mrs. H. W. Roeger. Seventeen of their daughter, Alma's schoolmates, gave a surprise party in honor of her 12th birthday.

Henry Flentie has built a shed 25x50 to house his farm tools and machinery. His business is growing every year.

Mrs. J. H. Harris and two children arrived home Thursday from their winter sojourn in Arizona. All are in good health. Ray remains with his uncle on his stock

ranch and mining claims in the mountains, where he is robust and enjoying the exhilarating climate.

Palatine
Mr. Heidinger, who has bought the old Masonic hall property, will conduct a first class home bakery and lunch room there. He is experienced in the business and will open as soon as possible expects to begin work on the oven next week. The hall on the top floor will be transformed into living rooms for his family, as soon as the lodge vacates.

The Misses Olms entertained the Bachelor Club Wednesday, afternoon. The novelty of a spider web party made the time pass altogether too swiftly. Miss Marie Danielson won first prize and Miss Blanche Carr consolation. The table decorations were hyacinths, ferns and red carnations.

The Athletic Club entertained their ladies Wednesday evening with cinch. First prizes were won by Ray Smith and Miss Mayne Williams; second prizes by Bert Smith and Miss Annie Stroker.

Frank Keyes left Monday for St. Louis to take charge of a gang of men who are painting the world's Fair buildings by machine. He will be employed there for some time, possibly until the Fair opens. The apparatus for the high school laboratory has arrived and the scholars are showing great interest in this line of work.

Dr. and Mrs. Williams Entertain Friends

A party of five young ladies from Chicago spent Wednesday evening at the home of Dr. and Mrs. Williams. The guests were Misses Florence Pierce, Lydia Reising, Frances Camp, J. Dooley and Theresa Brennan. They found the hospitality at the Williams home as cordial as the supper was good—which is saying a whole lot.

A California judge fined a young woman \$1 for firing five shots at a man without hitting him. She probably will know better than to try it again unless she improves her marksmanship.

Japanese Tit-Bit

The Japanese are very fond of whale meat and in a recent two-week period over 170,000 pounds of salted whale's tails were exported to that country from Tacoma and whaling stations on the Pacific-Alaska coast.

Cooking Secret

At sea level water boils at 212 degrees. At 5,000 feet it boils at 210 degrees, says the Woman's Home Companion. "In higher altitudes," adds the domestic commentator, "housewives probably put it into the refrigerator to boil."

Tiger at Home in Water

Tigers swim well. In their native habitat along the swampy shore jungles around the Bay of Bengal and on the Malayan coasts and marshy estuaries they swim from island to island or across rivers and inlets.

Added Large Territory

The treaty for the Gadsden Purchase was signed December 30, 1853. It negotiated the purchase by the United States from Mexico of a strip of land 500 miles long and 120 miles wide, now forming part of Arizona and New Mexico.

WHEELING DEPARTMENT

Having sold his property on Milwaukee avenue, Mr. Wm. Buckley is building a new home on Wille avenue.

The fire department was called out to the Olympic Golf Course last Thursday, when their engine house was discovered ablaze. Rapid progress of the flames among the greasy wares of the house and lack of water, made saving of the building impossible.

Mr. and Mrs. Ernst Kruse entertained a group of friends at 500 last Friday evening.

Members of Wheeling Camp R. N. A. enjoyed a social hour following their regular meeting last Thursday. Being close to the 17th, the festivities assumed an Irish air and green was the honored color. Memories of St. Patrick were revived and a realistic candy snake was sacrificed upon the altar of memory and distributed to those present.

A record attendance marked the meeting of the P. T. A. held on Monday evening. After the business of the meeting an interesting program followed. Various phases of school work were introduced by pupils of the school. A very special feature on the program was a group of vocal numbers by Mr. Harry Davis, better known as "Daddy Davis" of Station WEBL. The P. T. A. fathers were hosts for the evening, and graciously served all present with cookies and ice cream.

Mrs. Chas. Balling and daughter, Dorothy, returned to Chicago on Monday a. m. having been called home by the death of Mrs. Balling's mother. Mr. Balling and Marshall expect to follow shortly. Charles will remain until June, in order to take advantage of an additional course at the aviation school, which was offered him gratis in recognition of excellent work in his present course.

Mrs. J. C. Bollenbach, and sons, Elmer and John, left Chicago last Friday, to take up their abode in New York City, due to the transferring of a certain department of the Western Electric Company to that city.

A Cadillac sedan was reduced to kindling, when it turned turtle, while travelling east on Dundee road at a high rate of speed, on Sunday afternoon. It swerved from the concrete near the Wheeling cemetery and crashed to first into a nearby tree. Fortunately, the four occupants, residents of the North Shore, escaped with minor injuries.

A message of sorrow came from Chicago early Tuesday morning, telling of sudden demise of Paul Carlson, formerly of Childerley. He was taken ill on Sunday, seemingly coming down with a cold. Monday he became violently ill, when he was removed to a hospital at once, never to regain consciousness. Paul graduated from Maine township high several years ago, taking with him a scholarship, and also having been elected to the National Honor Society. He attended Chicago University for one year, then taking a position in order to share the support of the family with his mother. He was endeavoring to finish his college course in night classes and was making good progress when his time was called so unexpectedly. Paul had proven himself of the finest type of young manhood, and society suffers with the bereaved family.

Mrs. Caroline Scheff and son-in-law, Mr. Richard Walters, of Fairmont, Minnesota, were here to attend the funeral of Mrs. Scheff's sister, Mrs. C. Welflin.

Mr. Joseph Bellmore, Sr., was called to Grand Rapids, Michigan this week, by the death of his eldest sister there.

Wheeling Loses Old Time Resident by Death Mrs. Welflin

Mrs. Godolobin Welflin was born in Bittenfeld, Germany on January 1, 1845 and departed this mortal life March 15, 1928. Her age was 83 years 2 months and 14 days.

She came to the United States with her parents and sisters and brothers in the year 1854 and the family settled at Black Rock Creek near Buffalo, New York, and a year later moved to Long Grove, Illinois.

She entered into marriage with Martin Ambruster in 1866. To this union were born four children, one dying in infancy and the remainder now living: Charles A., Anna M., and John A. Mr. Ambruster passed away in January 1880.

Mrs. Ambruster was then married to Christian Welflin, 4 children blessed this union, all now living: Edward J. Welflin and Frank W. Welflin of Wheeling, as well as Mrs. Minnie M. Balling and Flora E. Flesch.

The deceased made her home in Wheeling and vicinity for the past 54 years and spent the last six years with Mrs. Flesch in Chicago during the winter months and with Mrs. Balling in Wheeling during the summer.

She is also survived by two brothers, Albert and Victor Sauer of Long Grove, Illinois and Mrs. Louis Haackel and Mrs. Scheff of Fairmont, Minnesota. There are also seven grandchildren living.

Mrs. Welflin was blessed with average health the past years and was active about the home of her daughter until the 2 weeks prior to her death. After this brief period of confinement closing a long useful life the demise came at 6:15 last Thursday evening.

She was a member of this church for many years and of the Ladies' Aid since the year its inception.

The funeral services of Mrs. Godolobin Welflin were held at the Zion Presbyterian church of Wheeling Monday afternoon at 3:00 o'clock.

The remains were brought from Chicago where the deceased had been residing with her daughter, Mrs. Flesch to the church.

Mrs. Welflin had long been a member of the church and had taken an active part in its work. Though not in attendance at the services during the recent past, she manifested her interest in its work in other ways.

The testimony of the people as to her long useful life was manifest in the large attendance as friends and acquaintances came to pay their last respects to her memory. The committal service was held and the deceased laid to rest in the Wheeling cemetery.

Church Notes

Sunday school, 9:30;
Morning worship, 10:30;
Evening service, 7:30;
Choir rehearsal, Friday evening at 7:30;
Confirmation class Saturday afternoon at 1:30 at the Manse.

CARD OF THANKS

We hereby extend our sincere appreciation and thanks to all who so kindly tendered their sympathy and assistance during our recent bereavement.

Children of the Late Mrs. Christian Welflin

Hard on Donkeys

"Yes," said the lecturer, "the roads up these mountains were too steep and rocky for even a donkey to climb; therefore, I did not attempt the ascent.—Owen Road.

Close Quarters

"There is a lot to be said in favor of the small houses of today," says a writer. They do at least bring families closer together, adds the Passing Show.

NORTHBROOK

Miss Dorothy Hillier had her finger broken below the first joint when she happened to put her hand on a bowling ball while at the bowling alley, last Monday evening and another bowling ball came together with such force that it smashed her finger. Her cousin, Mrs. Thera Cooks had her taken to the doctor who after careful examination said that the bone was broken.

Mr. W. Karstetter is back from the Washington Boulevard hospital, where he had a minor operation on his nose. He went back to work Monday at Chicago where he was transferred from Evanston.

Mr. C. Newman is slowly improving at the Evanston hospital although in a critical condition. His many friends here called on him and hope to see him home again.

Mrs. J. Walter has had several callers. She has had a very bad cold but is getting along nicely.

Mrs. John Augard has been very sick with throat trouble and has been in bed for over a week. The Northbrook camp R. N. A. hope for a speedy recovery.

Mrs. O. Mueller had a slight operation on her right hand and while it is getting along as well as can be expected it is still in a very painful condition. Her many friends and neighbors wish for a speedy recovery. Her mother, Mrs. Theroux has returned from the hospital after a five weeks stay and is slowly recuperating at her daughter, Mrs. Fred Rickward's home.

Mrs. Emily Bartelme is spending several weeks with her sister, Mrs. Blums at Chicago and is getting along nicely.

Mr. Henri Meyers slipped and fell while carrying some things to the back yard at Bartelme's and broke his leg. This happened two weeks ago and he is slowly mending his way to recovery at the Highland Park hospital. His many friends have remembered him with beautiful and useful gifts and flowers. His smiling countenance and pleasant words are greatly missed by his many friends.

Mrs. R. Teschner entertained the Needle Club at meeting and luncheon. The members present were Mesdames G. Schick, W. Landwehr, A. Therrien of Northbrook and O'Connell of Highland Park. Mrs. H. Nielsen was the invited guest. A pleasant time is reported.

Mrs. Schick stayed for the evening.

On Tuesday at 5 p. m. our fire department was called out to extinguish the flames which were rapidly going up the side of Mr. Krieg's house. The whole house was full of smoke which caused a great deal of excitement but just a small amount of damage as our ever ready volunteers were there in time to do the necessary work.

Spring has come. Blue birds. Robins are singing and beautiful crocus are blooming in garden.

EAST MAINE

The examinations of the class of 1928 confirmants of St. Matthews congregation will take place in the church Sunday, March 25, at 2 p. m.

Mr. L. H. Sonn motored to Wisconsin March 16, and spent an enjoyable week-end with his mother and other relatives.

Evelyn Finnern entertained 20 of her young friends at a bunco party at her home St. Patrick's day in honor of her ninth birthday. Each child received an appropriate prize. A general good time was had by the youngsters.

A change has been made in the plans as previously announced in regards to the cantata "Strange Visitors" to be presented by the public school. Instead of giving this play immediately after Easter it will not be staged until the graduation program in June. A bunco party will be sponsored by the public school sometime in May.

Mr. and Mrs. Christ Kath entertained numerous relatives and friends Sunday afternoon and evening in honor of Mrs. Kath's birthday anniversary.

When Rev. J. Toepel's new car arrives (if it does not come too soon) it will find a new garage ready to welcome it. The men of the congregation have worked on it the past week. The old barn which had answered the purpose of garage was taken down to make way for the refreshment stand.

Miss Ella Haase was hostess to a crowd of 35 guests at a party given in honor of her birthday anniversary March 13. After a delightful evening of bunco a dainty luncheon was served and Miss Haase was voted a charming hostess.

The tickets are in circulation now for the bunco party to be given by St. Matthew's Ladies' Aid, Friday and Saturday, April 13, and 14, in the school hall. Reserve the dates and come up for a good time. In addition thereto you may be lucky enough to win one of the many beautiful prizes which will be awarded to highest players.

Mr. and Mrs. John Conrad celebrated their wedding anniversary March 15, with the aid of fifty relatives and friends. A delicious wedding supper was served early in the evening, after which bunco and cards were the amusement for the crowd. Varied gifts of wood ranging from step-ladders down, were bestowed on the honored couple with best wishes for many more years of wedded bliss.

Miss Ella Haase was hostess to a crowd of 35 guests at a party given in honor of her birthday anniversary March 13. After a delightful evening of bunco a dainty luncheon was served and Miss Haase was voted a charming hostess.

The H. Meier family and Mrs. Jessie Studdman enjoyed the picture at the Pearl theatre Sunday.

Mr. and Mrs. H. Rugen were the visitors of Mrs. C. Schmidt Sr., last Monday afternoon. Mesdames Martin, Wood of Glenview camp and Past Oracle Emily Therrien attended the card and bunco party given by the Oracles Club at the Garrick hall in Chicago Monday. Although they were not the highest scorers at cards they report a pleasant time.

A bakery sale will be given by the Northbrook Presbyterian Ladies Aid, Wednesday, March 28, at one o'clock at Melzer's Store, for the benefit of the church.

I announce myself as candidate for Northfield Township Commissioner.

Are You a Thousand-aire

You have heard of millionaires, of course, of which there are a great many in this country. But, if you are an average man, you do not expect or aspire to be one.

You should, however, make up your mind to be a THOUSAND-AIRE as quickly as possible, if you are not one already. It is not difficult to secure ONE THOUSAND DOLLARS if you have a Savings Account in this bank. Just a little systematic saving and you have it. Why not make your start today?

No Camouflage In Real Picture of Life In Jungle At Woods

Lovers of action and thrills in motion pictures can have all their desires satisfied at the Woods Theatre, in Chicago's Loop, where "Simba," the pictorial record made by Mr. and Mrs. Martin Johnson during four years in the jungles of British East Africa, is now showing twice daily at 2:30 and 8:30. There probably never has been such a picture of big game hunting as this one. It makes one realize as nothing else ever has the perils of camera hunting, and it also brings gasps of amazement that any woman could face these perils so calmly as does Osa Johnson.

Lions, elephants, leopards, rhinos, hippopotamuses, giraffes, antelopes, zebras and other jungle denizens parade across the screen, set against the wildly beautiful backgrounds of their habitats. The Johnson party fords rivers with the water over the engines of their cars. They brush aside loathsome crocodiles as if they were flies. Osa Johnson faces and shoots a charging lion which falls twenty feet from her. She stalks the wild game so that she may drive it in range of the camera. She and her husband both do things that keep

an audience on the edges of the seats.

And as a fitting climax to this series of thrills, comes a lion hunt by natives, armed only with spears. They surround and kill full-grown lions which have killed the native cattle, hurling their spears until the lion looks like a pincushion. Here is a picture that everyone should see, especially the children.

"A Quality Car at the Lowest Price in Our History"

THE sensational success of the perfected Whippet is due not only to its remarkable performance qualities, but to the pleasing appearance of each of its body types.

You will be proud of owning a Whippet and you will thrill at its liveliness. It will deliver you all the speed you want—it picks up from 5 to 30 mil in 11.5 seconds; its BIG 4-wheel brakes will bring it to a stop within feet from a speed of 40 miles per hour. Above all, it assures you transportation at minimum cost. It holds the A.A.A. Coast-to-Coast Economy Record with an average of 43.28 miles to a gallon of gas. Place your order now for early delivery.

ANNUAL TOWN MEETING AND ELECTION

NOTICE IS HEREBY GIVEN to the legal voters, resident of the township of Elk Grove, county of Cook, Illinois, that the annual township meeting and election of officers of said township will take place, Tuesday, the 3rd day of April, proximo, being the first Tuesday in said month.

The election will begin at the hour of 6 A. M. and close at 4 P. M. in the places designated as follows:

Precinct 1—Elk Grove town hall, Precinct 2—Village Hall, Mt. Prospect, Ill.

The officers to be elected are: One school trustee for full term. One commissioner of highways. For Constable to fill vacancy.

The town meeting will open in Elk Grove town hall, at the hour of 2 p. m., and after choosing a moderator will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the township, and to deliberate and decide on such measures as may, in pursuance of law, come before the meeting.

Given under my hand this 20th day of March, A. D. 1928.

A. B. SCHARRINGHAUSEN, Township Clerk

NOTICE IS HEREBY GIVEN to the legal voters, resident of the township of Schaumburg, county of Cook, Illinois, that the annual township meeting and election of officers of said township will take place, Tuesday, the 3rd day of April, proximo, being the first Tuesday in said month.

The election will begin at the hour of 6 A. M. and close at 4 P. M. in the places designated as follows:

Precinct No. 1, Kruses' Garage, Precinct No. 2, Village Hall.

The officers to be elected are: One school trustee. One commissioner of highways. The town meeting will open in village hall, at the hour of 2 p. m., and after choosing a moderator will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the township, and to deliberate and decide on such measures as may, in pursuance of law, come before the meeting.

Given under my hand this 20th day of March, A. D. 1928.

HARRY H. SCHOPPE, Township Clerk

TREND OF THE TIMES

Copenhagen biologists who have investigated the rotary habits of the underjaws of Danish cows chewing their cud find fifty-five per cent used the right-circular motion and the rest the left. Now they ask for observation of American cows.

Music lovers of Europe are applauding the decision of solo singers of the State Opera in Vienna, Austria, to do away with the "elacque." The plan of hiring people to appear in the audience and applaud had become so bad that it had invaded two regions of the house, the gallery and standing room, and these were competing against each other.

Survey of the various other government departments to ascertain if they favor a revision of the calendar so as to have 12 months of 28 days is being made by the Department of State. Those that have answered have reported in favor of the revision, although a similar move, two years ago, was not regarded with favor. At the same time the Chamber of Commerce of the United States is preparing a report on the attitude of business and industry in regard to revision, and its representatives declare the sentiment is favorable.

CLOSING OUT—At special prices. New Idea cabbage planters. L. H. C. spreaders, Champion potato planters, Schwage incubators, Electric washers, Oil brooders, Combination Coal & Gas Stoves. W. Bunge, Itasca, Ill. (3-30f)

FOR SALE—Furniture of 5 room house. Apply Mr. N. Slipper, fifth house north on Sanders Rd. from Dundee Road, 1 mile east of Wheeling. (3-23)

FOR SALE—Shrubbery, seeds, flowers, fruit trees and shade trees, of all kinds of varieties, that will beautify and make your home more profitable! Starck Bros. Nurseries, the oldest and largest in the world. W. H. Daly, agent, will call at your home. Phone Arl. Hts. 147-R. 2, Rand & Foundry Roads. (4-24f)

BEAUTIFUL FURNITURE

Young couple will sacrifice 3 pcs. Frigidaire Parlor set, carved frame all around, 8 pc. massive walnut dining room set, 4 pc. Spanish walnut bedroom set with spring and mattress, 5 pc. breakfast set, two 9x12 Wilton rugs, two lamps, library and end tables, mirror, oil paintings, silverware, smoker. Will take \$550.00 for all—worth \$3,000.00. Will pay for delivery also separate. 8228 Maryland Ave., 1st Apt., 1 block east of Cottage Grove. Phone Stewart 1875. Chicago, Ill. (3-23*)

Chamber of Commerce Goes to DeKalb for State Convention

The board of directors of the Mt. Prospect Chamber of Commerce went to DeKalb on Thursday to attend the state convention at which they hope to receive many ideas they can bring home to the merchants of our village.

Friday evening the 23rd, the local meeting of the Chamber of Commerce will be held and all that the directors learned at the state convention will be given to the members, together with the other business to be transacted at this meeting.

The meeting will be an important one for every merchant and the Chamber of Commerce invites all the merchants of our village whether members or not to attend as it is a foregone conclusion that everyone will get some good out of the meeting. A full report of the state convention will be given our readers in the next issue of the Herald.

We are happy to see the progress in our village and in it we maintain the spirit of cooperation it is self evident that we will keep right on going up in the business world so in a short space of time we will be among the larger business centers and we will have rightfully earned our new slogan: "Mt. Prospect, the New Trading Center."

Select Equipment For Playground

The committee on playgrounds of the village board and the chamber of commerce held an interesting meeting last Monday evening when they had the representatives of five of the foremost manufacturers of playground equipment out and made a selection of the materials for the Mt. Prospect playground. On Saturday and Sunday this committee will go out and look over some of the playgrounds now furnished by these firms and will then decide which one they wish to purchase the equipment from, after this has been done and the order placed it will be a matter of only a few weeks and our playground will be ready for the children. The Herald can tell its readers that the committee has taken the matter of safety of the children into consideration while making its selection of equipment. The equipment selected includes: swings, giant slides, both the straight and the wave and horizontal ladders. Sand boxes the coverings will be also built for the smaller children so that all can very easily enjoy the day in the municipal playground without any danger and have their play will be the right kind in the correct way with the best equipment money can buy.

Naturally the play field will be dedicated but that is another matter and we will tell more about it when that time arrives.

Efficient Services Of Village Official Should be Rewarded

The Herald has always stood for progress and it did to this day and we cannot stand idly by and let efficient, honest and reliable men who are running for an office of public trust fight the battle alone. They are men that need the moral support of every one in the village who has the interest at heart. These men have been tried and tested with result that they have not found lacking in any of the qualities a public official should have. In the past four weeks we have given you a story on each of these men and told you in plain English what they have done for the interest of the village and now the Herald comes out with this pledge that after attending 99 per cent of the village board and board of local improvements meetings and being right in on the ground floor

where our reporter gained the confidence of these men we know that to find men better qualified is a task that can not be done and we therefore are pleased to recommend to the voters of Mt. Prospect Herman Haas, Herman Noll, and Henry Beigel as candidates for the positions of village trustees and our friend and neighbor, Edwin L. Busse as village clerk.

Boosters Will Soon Display Their Colors

The questions of becoming a town booster is just about settled and it will only be a matter of a few days when we will combine the booster program with the Herald booster plan now in operation in the village of Mt. Prospect.

It is the plan of the Booster manager to have a sticker sent to every car owner in the village once a month and this sticker will have a catchy phrase on it that will be the proper one to use that month. It is your privilege to live in Mt. Prospect and as you enjoy living in this village it is your duty to help boost this village to make it the best place on earth to live in and a place that you are proud of, and proud of it you must be, or you would not live in this village. Your honor as a village booster and improver are far above what money can buy. They should show how much you appreciate your village and how far you want it to progress. The plan for all to follow is to put our shoulders to the wheel and push without stopping so that the village will continually be on the up grade and not on the down grade, for the word down must be dropped. From our language whenever we talk about the village of Mt. Prospect. You as a resident are naturally willing to do your share and see to it that others will be talking favorably about our village. You say what have we to offer them to talk about. First let me answer Mt. Prospect was started with a definite plan in mind and that plan has been kept in mind through the years we have been growing so that everyone will admit we have a well arranged village and again let me say we have a fine water system with mains of ample size to take care of our future requirements, then we have miles upon miles of high grade concrete pavement that is the right size for our village and put in a fashion that is worth every cent and then some of what we paid for them.

Another thing in favor of the village is that we are properly zoned and have a building restriction that guards the home life of every resident of our village.

Come on now, one and all and get ready to fire the opening gun in the biggest boost campaign ever put on one that will last 12 months and be of such value to the village that our village fathers will be sitting up and taking notice of the aggressive spirit of our citizens. Are you ready?

This plan is being fostered by the Chamber of Commerce and in the hands of the Chairman of the legislative committee to put it over. Watch the Herald for the final details and notice of the beginning of the operation of this large plan to put Mt. Prospect on the map where it belongs.

Senator Jim Reed probably doesn't think so much of California's boasted hospitality. He landed at San Francisco the other day to be greeted with the announcement that McAdoo plans to read a delegation from that state favorable to Senator Walsh of Montana.

Board of Local Improvements Open Bids on Many Jobs

board of local improvements Tuesday evening the board of local improvements held a special meeting to receive bids on five jobs. A goodly number of bids were received in fact 21 bidders were present at the hearing.

Bids received:
Henry Reese and Sons, \$27,945.00; \$29,996.30.
Knowles Const. Co., \$30,580.00; \$33,415.00.
Allied Contractors, \$27,762.60; \$30,795.20.
E. J. Merkle, Kansas City, \$28,426.00; \$31,283.50.
Pastoret Dorsey Barrett, \$27,663.00; \$29,871.00.
Nic Santucci, \$28,884.40; \$30,930.00.
T. J. Prendergast Co., \$30,298.00; \$34,291.50.
E. R. Harding, \$32,937.00; \$36,668.50.
Baker Spalding, \$30,388.00; \$32,315.80.
J. W. Barker, \$27,793.00; \$28,372.90.
T. H. Iglehart, \$29,588.00; \$32,811.80.

Below we give the bids received on specials. The bids are first, Country Club water service pipes; second, House drains for the same subdivision and third, for Central water service pipes:
H. Reese, \$7186.25; \$2176.00; \$3,281.75.
Knowles Const., \$4907.50; \$3,264.00; \$3929.50.
O'Brien Bros., \$7087.00; \$2040.00; \$3143.45.
J. M. Krejci, \$8143.75; \$2937.60; \$3664.15.
G. D. Hardin, \$6548.75; \$2312.00; \$2997.40.
P. J. Collins, \$7762.50; \$2448.00; \$3442.50.
A. Giannoni, \$7682.50; \$2856.00; \$3495.00.
T. H. Iglehart, \$6946.00; \$2176.00; \$3916.35.
Walsh-Metzger, \$6827.50; \$2,438.00; \$3025.25.
S. Jessen, \$7526.75; \$2828.80; \$3314.05.

The attendance of contractors at this hearing was the next to the largest ever held in Mt. Prospect upon actual count. There were found to be 55 men present, 18 of these were the bidders while the others were men who wanted one of the successful bidder the materials required for the completion of the job.

Upon proper motion the bids were taken under consideration and the board will meet again Friday evening, March 23 at 8 p. m. at which time they hope to award the contract to the successful bidders.

Several other matters were informally discussed but were held over to Friday night when they will come up for full consideration.

WHO IS WHO

This week we have a new method for you on the who is who and we will tell you all about the man then in the next issue, we will tell you who he is. This makes the matter one of interest and will have you guessing until you are sure you are right.

The man the Herald has picked for you this week is one who has spent most of his life if not all in the village, he has just attained the age of manhood and is in daily contact with the public. He always has a smile when he greets you.

Our candidate is a person who is a member of the fire department and in fact an officer of the firemen. He also is a member of two of the organizations connected with our church and a member of the Concordia league. If the Herald wanted any reliable information he was the man our reporter would go to get it, and this man was never found lacking in the matter of public spiritedness. Another tip we may give you is that he is not married but at the same time can say it will not be long before he will enter the class of married men as he has a real sweetheart.

If we told you where our subject was employed or by whom we would tell you the entire secret and for this reason we are leaving this matter out for the present, outside of the fact that we will say he has been with his present employer about five years at the most. Our subject is a real lover of sports and can be found identified with the various activities now in progress in our village.

He is a member of the Thursday night bowling league and is a good shot when it comes to billiards and pool.

When the Herald reporter first undertook to quiz this man and see what we could say about him we found that it was a very hard matter, but we are now of the firm belief that our candidate has the future before him as he is known to maybe more of our village folks than any other man and it is all possible that he knows more of them by name than most of us. This will end the story of this week but next week we will have a harder one for you.

Helium a while ago cost \$1,500 a cubic foot, and there was little of it. Now America makes it at two cents a cubic foot, has enough for national defence and some for other uses.

Tin, on which a \$100,000,000 industry depends, comes to the United States mostly from foreign lands—the Malay Peninsula, Straits Settlements and Bolivia. We have to import above 70,000 tons annually, half the world's output.

Palatine school trustees using the name was filed yesterday evening petition was

MT. PROSPECT

Sunday morning at ten o'clock the confirmation class of this year will have their examination at St. Paul's Lutheran church. Everyone is welcome.

Saturday evening Mr. and Mrs. Dudley Budlong gave a St. Patrick party. Twenty guests were in attendance. Five Hundred was played. Mrs. Ivers and Mr. A. Schramm were the lucky winners, receiving very pretty prizes. A very tasty lunch was served, and other games were played.

"The party did last until morning. The party did last until morning. But all had a wonderful time."

Members of the Woman's club are looking forward to the 28th of this month, as on that day this club has its first birthday. They are all expected to turn out to celebrate this occasion with luncheon, five hundred and other entertainment.

Next Thursday, the 29th, the regular monthly meeting of the A. L. L. will be held at the St. Paul's Lutheran school. All those attending the last meeting will surely be interested to come.

We are sorry to hear that Miss Bertha Ehard is still on the sick list. We all hope that the spring breezes will chase away all sickness from our good borough.

Saturday evening the Campfire Girls gave a St. Patrick party at the public school. It was a very pretty gathering, with all our little folks for the occasion with green aprons, caps and ties. Every one had a good time.

Mr. and Mrs. Schumaker entertained quite a number of friends Saturday night. Cards furnished an enjoyable assemble.

Funny things happen in this world but funnier things happen to our college boys. Easter vacation. Won't mother's pantry be cleared for the next few weeks. Welcome home boys. After all home is better than Milwaukee.

Wanted—Five sticks of dynamite to blow the bankers out of last place in the bowling league.

Mr. and Mrs. Harold Holtz have moved into their new home on S. State Road.

Master Harold Maleske celebrated his 12th birthday by being among the guests at the St. Patrick's party given by the Campfire Girls. We wish to congratulate him, and to wish him many happy returns of the day.

The Camp Fire Girls had a St. Patrick's party on Saturday evening, March 17 at the old school building. Their guardian, Miss Bertha Ehard was unable to be with them owing to sickness and Miss Mueller of Chicago acted as guardian for the day.

Elroy Pohlman of Emerson Ave. has been home from school and reported sick.

All Iceland parties in the Parliament have agreed to the desirability of canceling the present treaty of personal union with Denmark, thereby obtaining complete independence. The movement for cancellation of the treaty, which is not revocable until 1940, is partly due to Iceland's wish to have her representation abroad in her own hands. As far back as 1381 Iceland, together with Norway, came under the rule of Danish Kings, but when Norway was separated from Denmark in 1814 Iceland remained under the rule of Denmark. Since December 1, 1918, it has been acknowledged as a sovereign state and is united with Denmark only through the identity of the sovereign.

Each member should try to bring in one new name for proposed membership at this meeting. The meeting will be Wednesday evening, March 28 at the home of the secretary, Mrs. E. Hauptley, on Prospect Manor road, one block beyond Central Road on N. W. highway then turn north to last house.

Helium a while ago cost \$1,500 a cubic foot, and there was little of it. Now America makes it at two cents a cubic foot, has enough for national defence and some for other uses.

Tin, on which a \$100,000,000 industry depends, comes to the United States mostly from foreign lands—the Malay Peninsula, Straits Settlements and Bolivia. We have to import above 70,000 tons annually, half the world's output.

Palatine school trustees using the name was filed yesterday evening petition was

Commissioner Busse Gaining in Health

William Busse is reported as gaining in strength every day and is about ready to leave Hot Springs for a short tour in the warmer climate going to Oklahoma for a few days and then coming north to St. Louis stopping there for a day or two after which he will start his trip back home to Mt. Prospect. It will be a good sight to see the commissioner among us again and have him around making his usual tours of inspection and taking his place at the head of the table at the village board and board of local improvement meetings. True it is we all missed him while he was away but our thoughts were constantly with him and we will be the happier for it when we can talk to him and have him give us sound advice on matters that we are in doubt about.

April 17 is village election and it is up to every voter in the village to do his duty and go to the polls to cast his ballot for the candidates on the ticket. There are to be three trustees and the village clerk to be elected. Do your duty as a citizen of the village and show the officials that you appreciate their work and the interest you display by going to the polls is one of the more important methods of showing them.
